

# PLANNED PROGRAM OF STUDY

(Select one)

Aerospace Engineering

Biomedical Engineering

Mechanical Engineering

NAME: \_\_\_\_\_ Date: \_\_\_\_\_ Catalog: \_\_\_\_\_

Student ID #: \_\_\_\_\_

Each student in MABE is required to prepare a Planned Program of Study as early as possible in their academic career and have it approved by their academic advisor. Specific GE courses and technical electives do not have to be designated at this time since separate approval of them is required. Careful attention should be paid to the prerequisites for each course since they are a requirement for admission to the course. A copy of this Planned Program of Study will be given to the student and the original will be placed in the student's folder. The student will bring the Planned Program of study to each advising required session with a current DARS report.

**Course listing should be listed as ME 231 not just "231".**
